- Distinguished Community Service Award

WORK AND VOLUNTEER EXPERIENCE

Internship

Michelangelo's   Mar 2020 - Nov 2020

- Designed, developed, and deployed online an eCommerce website to create new sales channels to adjust to the pandemic lock downs
- Scaled sales to $50k in a 2-month period
- Transformed legacy management systems by integrating them into a robust online portal; this initiative improved user engagement, with over 15 employees reporting higher satisfaction and ease of use within the first month.
- Connected POS and digital sales into one dashboard
- Utilizing Shopify, Shopify App Store, GoDaddy, Google Workspace, Square, Instagram, FaceBook

Volunteer and Troop co-Founder

All Girls Troop 219   May 2019 - Jan 2020

- Assisted in the founding of one of the first ever, all girls BSA scout troops in the world
- Developed and deployed a custom website for their troop to help them curate and manage their online presence (RSVPs, Events, Calendars, Inventory, Communication, Research, and more)
- Utilizing Joomla, Wordpress, Replit, HTML, CSS, JavaScript

Patrol Leader

Troop 29   May 2019 - Jan 2020

- Founded, then led my patrol over 2 consecutive terms, to become the most successful unit in my troops history by almost every metric
- Record number of Eagle Scouts, Service Hours, Scouting Events, and Rank Ups

Eagle Project

Troop 29   Nov 2019 - Jul 2022

- Constructed a series of benches in a low socioeconomic community over the course of a pandemic and shut down
- Completed a project that totaled over 500 hours of community service
- Led a workforce of 20+ people

- Launched my game studio, "Table Top Games" with 5 friends
- Transitioned to solo development after High School and took over all aspects of development (Programming, Art, 3D Modeling, Music)
- Utilized Unity, Blender, Steam, FishySteamworks, Steam Heathens

Rook Servers

Cloud Compute and Web Services   Jan 2023 - Jun 2023

- Launched a cloud based platform for the deployment of custom compute products and services (Web and Game Servers, KVMs, Domains, VPNs, Web Dev, and more)
- Managed 5+ servers across 3 different cloud compute providers
- Utilizing WiseCP, OpenVPN, WHMCS, CyberPanel, Pterodactyl, Google Workspace, ResellerClub, Paymenter, Virtfusion
- Utilizing Azure, Google Cloud, OVH, Ionos, Vultr

Furry Prints

Custom Pet Focused Print on Demand   Aug 2019 - Jan 2020

- Developed and deployed a custom print on demand pet focused eCommerce site
- Customized orders and products based on the photos the consumer attached to their order
- Utilizing Adobe, Shopify, Shopify App Store, Printify

Quibbit

Flash Game Website   Sept 2018 - Jun 2021

- Designed and launched an "Unblocked" flash game website with over 200 games in the content catalog so that we could get around our middle school's site blocking system
- Averaged over 400 page visits per day from students and friends we shared it to alone
- Monetized site, and earned minuscule revenue until Google ended support for Flash
- Utilizing Google Sites, Google Analytics, AdSense
